The way we bank is changing

With the ease of mobile and digital banking fewer people are coming into the bank. This means we've had to make some tough choices about which can stay open. So, we want to make sure that we keep the branches people are using most.

Across the bank we have seen.

Average counter transactions reduced by **68%** between January 2019 and January 2024

The number of customers using mobile apps increased by **53%** between January 2019 and January 2024

Measurement in both graphs is millions

More than

182

million mobile and digital transactions were processed in 2023

Our responsibility to you

We completely understand that digital banking isn't right for everyone. Sometimes you want to chat things through with someone. We promise that you'll still be able to talk to one of our team either on the phone, by video or in one of our other branches.

We've put together this leaflet to guide you through the changes, but if you've got any questions at all just ask one of our team.

They'll be on hand to help you find ways you can bank that best suit your needs. We're also here for anyone who'd like help in getting started with digital banking or our app. As well as short, easy-to-follow How To videos, we run online classes over Zoom. You'll find everything you need to know on our website [rbs.co.uk/digitalbanking](https://www.rbs.co.uk/digitalbanking). (And there are some handy fraud and scam awareness tips too.)

We also have Customer Support Specialists that are dedicated to helping customers who need more support.

How we decide to close a branch

Closing a branch is always difficult and not a decision that we ever take lightly. A branch closure decision involves us looking at several different criteria, including:

- the likely impact on customers. How often customers use the branch – and the transactions they're making.
- their banking preferences.
- where the nearest branch and nearest cash machines are.
- is there a local Post Office® for everyday banking?
- all the other banking options: Digital, Mobile, Telephone and Video Banking.

In New Deer, we saw:

Comparing January 2019 and January 2024, counter transactions for personal customers have decreased by **76%**

In 2023 **73%** of personal customers using the branch also chose to use Digital Banking or our mobile app

• **1** personal customer(s) used the branch weekly in 2023

• **26** business customer(s) used the branch on average monthly in 2023.

Please see the Glossary on page 11 for personal/business customer usage and counter transaction definitions.

Your opinion matters

That's why we're getting in touch with our customers and engaging with the local community to talk through our decision. We will update this factsheet with details of who we contacted, a summary of responses – and any complaints. You'll be able to read the results at rbs.co.uk/branchclosures by 12 September 2024.

Meanwhile, if you'd like to ask us anything or you need extra support, please get in touch with our dedicated Customer Support Specialists on **0131 380 6528** (Relay UK **18001 0131 380 6528**, International + **44 131 380 6528**).
