

Intelligent Safe

A secure end-to-end cash management and collection service to suit any customer needs

Our Intelligent Safe service offers a simple, secure end-to-end cash management solution that makes it easy for your business to deposit cash on site. This solution is ideal for businesses that want same day value for deposits*, to reduce manual cash handling and the associated effort and costs, freeing up time to concentrate on your business.

Your needs

A typical business spends a significant amount of time managing cash. Few people feel comfortable carrying business takings to a branch in person and on top of that there is the added inconvenience of you or your staff taking time out of the business to travel to the Bank. It's not the most secure option, and it's not the best use of time.

Our solution

Our Intelligent Safe service is an on-site automated system allowing customers to deposit business takings securely throughout the day. Funds deposited before 3.30pm will be added to your Royal Bank of Scotland account same day (except weekends and Bank holidays)*.

The secure cash counting device instantly validates and detects forgeries, provides data for every transaction which is captured and stored via an online portal to aid reconciliation. This data means you can verify cash balances on site, review transactions and monitor trends.

Our Intelligent Safe will automatically trigger a cash collection when the device reaches an agreed threshold to ensure the device never reaches full capacity.

Benefits

- Simplicity and convenience
 - The device counts and verifies each note and coin, detecting forgeries
 - Deposit cash any time on site without disrupting your business day
- Security
 - Staff do not have to take large volumes of cash to the Bank
 - Funds are protected from the moment they enter the safe, reducing shrinkage
- Affordability
 - Staff no longer have to be away from the premises, allowing them to concentrate on the business
 - Reduce losses due to administrative errors and fraud

Considerations

- To make sure this service is cost effective for you, the average business would typically be depositing more than £5k in a branch or post office each week.
- Must meet carrier security and installation requirements

Is Intelligent Safe for you?

You might consider Intelligent Safe if you:

Want a secure way to deposit cash

Want same day value for deposits*

Want an end-to-end cash management solution

Restrictions

Due to the way in which we enable credit to the customer's account we are unable to offer the Intelligent Safe cash solution to Non Personal customers who meet the Protected Customer criteria as defined below:

A Protected Customer is either a "Micro-enterprise" which at the time this agreement is entered into is a business or group of businesses of which it forms part, and which employs fewer than 10 persons and whose annual turnover and/or balance sheet total does not exceed £2 million (or sterling equivalent); or a charity with an annual income less than £1million.

Working with you

Opting to use our Intelligent Safe solution provides you with a secure, simple and convenient end-to-end cash management and collection service. It is ideal for businesses looking to make regular deposits of cash either with one or multiple outlets. This solution enables you to manage your time, minimise losses and improve cash efficiency.
