Quick Deposit

Quick and secure way for you to deposit funds at the bank

Being able to pay in cash & cheques quickly and securely is one of the cornerstones of modern banking. Our Business Quick Deposit (BQD) product offers a robust and secure way to do this.

Your needs

The accumulation of cash in a business may be seen as a welcome challenge, however for it to add value to your business, you or your staff need to give up time out of the day to queue up and deposit that cash at the bank. If you're unable to do this on a frequent basis, this accumulation of cash can often lead to rising insurance premiums.

The movement and management of cash is also fraught with potential risk, as its liquid nature and lack of traceability makes it a prime target for theft and fraud

Our solution

BQD is a bagged deposit product that gives you a secure, quick and convenient way to manage your cash deposits.

Your notes, coins, and cheques, are sealed in a tamperproof, uniquely barcoded wallet. This wallet is then paid in at our counter, or at a BQD machine available in over 280 branches across the UK. With either option you get an acknowledgement slip that will enable you to verify that the wallet has been received safely.

You will also receive same day credit for the stated cash value (if deposited before 3.30pm), and we will endeavour to count and notify you of any differences within five working days.

Benefits

- Secure
 - Wallet fitted with a tamper-proof seal meaning that it cannot be opened once it has left your premises
- Quick
 - Staff no longer have to wait while cash is counted
 - Using a BQD machine takes less than 1 minute on average
- Traceable
 - Wallet contains a unique barcode ID that appears on the slip generated by the BQD machine or on the slip stamped at the counter
 - This enables you to confirm that the sealed tamper proof wallet has been deposited
