Summary Box

Account name	First Saver Account (Held by Child)		
What is the interest rate?	Balance	AER p.a. (variable)	Gross p.a. (variable)
	£1+	2.70%	2.67%
Interest is calculated daily and paid quarterly on the first business day in January, April, July and October and at account closure. You'll be able to see and access the interest in your account on the following day.			
Can RBS change the interest rate?	Yes, this rate is variable. It may be changed for any of the reasons set out in Term 9.2 of the Savings Account Terms, e.g. to take account of Bank of England base rate changes or changes in the rates paid by other banks. If the rate is going down, we'll give you at least 60 days' notice. If the rate is going up, we'll inform you before the change or shortly afterwards. Term 9.2 also contains details of the notice we'll give you.		
What would the estimated balance be after 12 months based on £1,000 deposit?	Initial deposit at account opening		
		Balance after 12 months	Interest earned
	£1,000	£1,026.97	£26.97
This is only an example and does not take into account your individual circumstances. It assumes that no further deposits or withdrawals are made; there is no change to the interest rate; and any interest earned stays in the account.
